The Brainpower Chronicles: Mental Health Stories

**An intersection of
Mental Health+Art**

November 21, 2020 7 p.m. on YouTube Live

NAMI Washington launched **The Brainpower Chronicles: Mental Health Stories** to bring people together in their experiences of mental illness and recovery. **The Brainpower Chronicles** is our way of creating community and breaking down the stigma that keeps people silent, while raising funds for **NAMI Washington's** critical mission to improve the quality of life of all people affected by mental illness.

The Brainpower Chronicles is **NAMI Washington's** signature fundraising event of the year. We strongly encourage you to **make a donation** when you register for the event, or you can make a gift during the event on November 21st (or anytime before or after)! **Register to watch our amazing 2020 cast share their stories of recovery and hope!**
